

ASH GREEN WEEKLY NEWS

11 June 2021

PRIMARY SCHOOL

Another fantastic week at Ash Green for behaviour and effort. It's never easy having to close a class bubble and we thank parents and carers in 2C for their support. Please remember those children should now isolate in homes and gardens until next Friday 18th and not be mixing with other households or playing out. Next week is a very busy one as trips finally return: 2W now go to Lytham on Wednesday 16th and the following day- Thursday 17th - 6T travel to Blackpool for the day. The following week it will be the turn of 2C and 6C as well as Year 3 trips to Yorkshire Wildlife Park. Keep looking out for further details. Year group Newsletters are also now on the website with details of learning and visits for EVERY year group.

Transition Day

The internal Transition Day for Ash Green will be FRIDAY 16 JULY. On that day, children will move up to their new class.

We are sorry that we were unable to share this date until this week, but we were awaiting confirmation from Secondary Schools. Further details on the Ash Green Transition Day will be made available over the next few weeks and Mrs King will be in touch with new Nursery and Reception starters so everyone is clear on arrangements for the day. Thank you.

Thank you to our Class 2C families for their understanding and support when we had to close the 2C bubble. We are certain that children will catch up with school work quickly- work is on Seesaw daily and we delivered learning packs and food packs today. The class can still look forward to their trip to Lytham St. Anne's which will now be on 23 June.

A thank you also to Class 2W parents for their understanding and co-operation now their children's trip date has been changed to next Wednesday 16th.

We have received confirmation from Park Lane of their commitment to take the Year 6 children who will attend Park Lane from MONDAY 12 JULY for the last 2 weeks of this term. Park Lane will be in touch with those families. This will mean that children attending Park Lane AND Trinity Academy Halifax, will have their last day with us on Friday 9 July.

As this will be all of Year 6's last day together it will be a day of celebration and we will ensure a special ceremony for the leavers which will be filmed and available on class Seesaw platforms. LOOK OUT for further details nearer the time.

The other Year 6 children WILL be in our school on the 16th and will have activities planned for the morning with Mrs Haider (Upper Site) and Mr Heppenstall (Lower Site) who do not have class teaching responsibility that morning.

Those Year 6 children (attending Brooksbank, Brighouse, Trinity Academy Sowerby, Lightcliffe and Calder) will have information from their new secondary school on arrangements for their transition.

SCOOT TO SCHOOL ON FRIDAYS!

Scooting, cycling and walking to school is a fantastic way for your child to start the day, we would like to encourage as many children as possible to travel to school while enjoying exercise each Friday. This is part of an effort to increase the numbers of children travelling to school in an active way and promoting making healthy choices. This will also reduce the numbers of cars around the school and make the environment safer for children arriving and leaving the school. We have storage for scooters and bikes at school, so they will be safe.

Hopefully we will see lots of children arriving by scooter, bicycle or on foot! Don't forget to wear your helmet if travelling safely on two wheels!

We hope everyone is enjoying the fabulous sunshine BUT just a quick reminder to all that we need to be safe in the sunshine. PLEASE can we ask that you make sure your child/ren have sun protection applied before school and a bottle in school to reapply - marked clearly with a name. Thank you.

Keeping Families Safe in Calderdale

COVID-19 related absence from school or childcare: a guide for parents and carers

The main symptoms of coronavirus (COVID-19) are:

- **a high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **a new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- **a loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Most people with COVID-19 have at least 1 of these symptoms.

If your child has any of the main symptoms of COVID-19

- Keep your child at home.
- Arrange a test online (search NHS COVID-19 testing) or by calling 119 as soon as possible.
- Anyone your child lives with, and anyone in your support bubble, must also stay at home. When you get your test result you will be advised what to do

If you or your child are worried about COVID-19, speak to your health visitor or school nurse

What to do if...	Action needed	Return to school/setting when...
...my child has one or more of the main COVID-19 symptoms	...the test comes back negative. If the test comes back negative, see advice below. If you are unable to get a test for your child within 5 days of them developing symptoms, you must follow the advice below → Arrange a test for anyone in the household with symptoms → Inform school/setting about test result	→ Do not come to school/setting → Contact school/setting to inform us → Self-isolate the whole household including siblings → Arrange a test for anyone in the household with symptoms → Inform school/setting about test result
...my child has a runny nose, sore throat, headache, sickness or diarrhoea but doesn't have	→ Contact school or setting to inform us if your child won't be attending → Ring on each day of illness	... they feel well enough to do so, and after 48 hours following the last bout of sickness or diarrhoea
...my child tests positive for COVID-19	→ Do not come to school/setting → Contact school/setting to inform us → Self-isolate the whole household including siblings <ul style="list-style-type: none"> - For anyone with symptoms: this is for at least 10 days from when they started with symptoms - For anyone who doesn't develop symptoms: this is for at least 14 days from when the first person started 	...10 days have passed since symptoms began, and the child feels well and does not have a temperature. The child can return even if they still have a cough or loss/change to their sense of taste or smell as these symptoms can last for several weeks Remember, others in your household may still be self-isolating
... I am unable to get a test for my child within 5 days of them developing symptoms of COVID-19	→ Do not come to school/setting → Contact school/setting to inform us → Self-isolate the whole household including siblings <ul style="list-style-type: none"> - For anyone with symptoms: this is for at least 10 days from when they started with symptoms - For anyone who doesn't develop symptoms: this is at least 10 days from when the first person started with symptoms 	...10 days have passed since the symptoms began, and the child feels well and does not have a temperature. The child can return even if they still have a cough or loss/change to their sense of taste or smell as these symptoms can last for several weeks. Remember, others in your household may still be self-isolating. If the child is a contact of a confirmed case, develops symptoms, and cannot get a test, they must continue to self-isolate for the full 10 days
...my child tests negative for COVID-19	→ Contact school/setting to inform us → Discuss with us when your child can come back	...they feel well enough to do so, unless: <ul style="list-style-type: none"> → Anyone else in the household has tested positive for COVID-19 in the last 10 days → Anyone else in the household has symptoms and hasn't received a negative test result → They are a contact of a confirmed case → They have returned from abroad are required to quarantine (as per current Government advice)
...someone in my household (other than my child) has COVID-19 symptoms	→ Do not come to school/setting → Contact school/setting to inform us → Self-isolate the whole household → Arrange a test for anyone in the household with symptoms → Inform school/setting about test result	... the test comes back negative or ten days have passed since the person started with symptoms

What to do if...	Action needed	Return to school/setting when...
...someone in my household (other than my child) tests positive for COVID-19	<ul style="list-style-type: none"> → Do not come to school/setting → Contact school/setting to inform us → Self-isolate the whole household <ul style="list-style-type: none"> - For anyone with symptoms: this is for at least 10 days from when they started with symptoms. For anyone who doesn't develop symptoms: this is at least 10 days from when the first person started with symptoms 	<p>... 10 days have passed since the person developed symptoms</p> <p>If your child develops symptoms during this time, you should arrange a test. If they test positive or are not tested they must stay at home for 10 days from when they started with symptoms</p>
... I am unable to get a test for someone in my household (other than my child) within 5 days of them developing symptoms COVID-19 symptoms	<ul style="list-style-type: none"> → Do not come to school/setting → Contact school/setting to inform us → Self-isolate the whole household including siblings <ul style="list-style-type: none"> - For anyone with symptoms: this is for at least 10 days from when they started with symptoms - For anyone who doesn't develop symptoms: this is at least 10 days from when the first person started with symptoms 	<p>... 10 days have passed since the person developed symptoms</p> <p>If your child develops symptoms during this time, you should arrange a test. If they test positive or are not tested they must stay at home for 10 days from when they started with symptoms</p>
...Someone in my household had a test for COVID-19 but the result was inconclusive	<ul style="list-style-type: none"> → Continue to self-isolate the whole household → Arrange a retest if possible within 5 days from the person starting with symptoms. → If you are unable to arrange a retest, follow advise above for "I am unable to get a test" 	<p>... 10 days have passed since the person developed symptoms, if unable to get a retest.</p> <p>if able to get a retest, see advise boxes on what to do it someone tests positive or negative for COVID-19.</p>
... my child has been identified as a contact of a confirmed COVID-19 case	<ul style="list-style-type: none"> → Do not come to school/setting → Contact school/setting to inform us → If the contact was within school/setting, you will receive a notification letter from us → Do not arrange a test unless your child develops symptoms → Siblings can continue to attend 	<p>... 10 days have passed since the person developed symptoms (or since the date of their test if they did not have symptoms).</p> <p>If your child develops symptoms during this time, you should arrange a test. If they test positive or are not tested they must stay at home for 10 days from when they started with symptoms</p>
... someone else in my household has been identified as a contact of a confirmed COVID-19 case	<ul style="list-style-type: none"> → The household member must self-isolate for 10 days → The person should not arrange a test unless they develop symptoms → Child can continue to attend school → Siblings can continue to attend 	<p>... child can continue to attend</p>
... I've heard that someone at school has tested positive for COVID-19	<ul style="list-style-type: none"> → If your child is identified as a contact, you will be notified and advised what happens next 	<p>... child can continue to attend</p>
... my child has travelled abroad	<ul style="list-style-type: none"> → If your child is required to quarantine (as per current Government advice), contact school/setting to inform us → If your child is not required to quarantine, they can return to school/setting → You should not arrange a test for COVID-19 unless your child develops symptoms 	<p>... your child has completed quarantine, if required</p>
... I have received medical advice that my child must resume shielding	<p>Do not come to school/setting</p> <p>Contact school/setting to inform us</p>	<p>...you are informed that restrictions are lifted, and shielding is paused again</p>
... someone in my household has symptoms of COVID-19 but a lateral flow test (LFT) they use for work is negative	<p>→ You must arrange PCR testing in the usual way. LFT should not be used to rule out COVID-19 in someone who has symptoms or who has been in contact with a positive case</p>	<p>... the PCR test comes back negative or 10 days have passed since the person started with symptoms</p>
