

ASH GREEN WEEKLY NEWS

What a momentous term for Ash Green as we have risen from the ashes, literally and metaphorically! We have all come back stronger and more united than ever before and everyone has earned their Easter break! We return on Monday 25th April after a holiday which will see a lot of activity for all our children taking place at the Lower Site (see below) and also a lot more essential works at our Upper Site in terms of electrics and site work. Here's hoping everyone has a really restful and healthy fortnight and that the sun comes back out! See you on the 25th.

A gentle reminder...
about booking onto Breakfast Club and After School Club.

PLEASE pre-book all sessions via the Gateway App. This is so important as we need to ensure staffing levels are appropriate.

If you do not book and just arrive to the session, this has an impact on staff management.

If you miss the cut off time for booking, please ring the office so we can ensure your child is booked in.

Thank you for your co-operation.

it was my privilege last night to receive the Outstanding Contribution as a Head Teacher from Educate North. Thank you to all who have supported me and our wonderful school over the years and particularly in the last few months as we have overcome so much adversity together! NEXT STEPS FOR LIVING WITH

CHILDCARE SETTINGS FROM FRIDAY 1 APRIL 2022

On Tuesday 29 March, the Secretary of State for Health and Social Care, Sajid Javid, set out the next steps for living with COVID-19 in England from Friday 1 April.

Free COVID-19 tests will continue to be available for specific groups, including eligible patients and NHS staff, once universal testing offer ends on Friday 1 April.

Update guidance will advise:

- Adults with symptoms of a respiratory infection, and who have a high temperature or feel unwell, should try to stay at home and avoid contact with other people until they feel well enough to resume normal activities and they no longer have a high temperature
- Children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school, college or childcare when they no longer have a high temperature, and they are well enough to attend
- Adults with a positive COVID-19 test result should try to stay at home and avoid contact with other people for 5 days, which is when they are most infectious. For children and young people aged 18 and under, the advice will be 3 days.
